

# Snakin'

SSSSSSSSSSsnakin'

In the grass

SSSSSSSSSSslidin'

Smooth as glass

I'm a loner

I don't want company

Hiding in the rocks

Don't come looking for me

I'm snakin'

In the grass

Ooooooh, oooooh

Snakin'

In the grass

If you find me I'll be curled up tight

Sleepin', probably dreamin'

I don't mean to be a fright

I'm snakin'

In the grass

If you wake me unexpectedly

I consider that rude

Walk away and let me be

Don't put me in a mood

I'm snakin'

In the grass

Ooooooh, oooooh

Just snakin'

In the grass

# Snakin'

How can you tell if my bite will harm?  
That is the question to ask  
The answer lies with the shape of my head  
How pointy or round is my mask  
I'm Snakin'  
In the grass

Poison poison pointy head  
One bite from me and you'll need an ambulance

I'm snakin'  
In the grass  
SSSSSslidin'  
Smooth as glass  
Ooooooh, ooooooh,  
Snakin'  
In the grass

No poison if my snout is round  
My bite hurts just as bad  
Don't make me say "I told you so"  
Walk away, walk away, walk away

I'm SSSSSSSnakin'  
In the grass  
SSSSSSSslidin'  
Smooth as glass  
I'm SSSSSSSnakin'  
In the grass  
Just snakin'
